Windermere

The Windermere, a highly popular terrace awning due to its design and the wide range of available colours. When closed it has an appealing oval shape. The adjusting device of the Windermere is covered behind beautifully finished teardrop covers. These stylistic features do not detract from its quality at all. It can be installed in almost every situation due to its unique installment possibilities. If you are looking for a stylish and high quality terrace awning, then Windermere is the model for you.

Characteristics

-  Wide range of colour options
-  Fabric fully protected in cassette
-  Appealing teardrop design
-  Available with or without valance
-  Available with manual or electrical control system
-  Full Cassette

Coniston

Coniston's distinguishing features are its olive-shaped appearance, unique adjustment settings and substantial dimensions. These ensure that the Coniston can be fitted in almost any imaginable situation. As a larger version of a Windermere, the Coniston is also an attractive addition to your facade, when closed. If you are looking for a stylish and high quality terrace awning with stunning looks, then Coniston is your model.

Characteristics

-  Fabric fully protected in cassette
-  Unique olive-shaped design
-  Available with or without valance

Kentmere

Our Kentmere terrace awning distinguishes itself from other models due to the extremely compact design. When closed, the cassette measures just 122 mm high. This makes it one of the most compact terrace awnings on the market. If you are looking for a terrace awning that occupies little space, without compromising on quality, then the Kentmere might be the model for you.

Characteristics

-  One of the most compact terrace awnings on the market
-  Smooth rounded shape
-  Available with or without valance
-  Available with manual or electrical control system
-  Semi-Cassette

JDB (Jan des Bouvrie)

A unique design by Jan des Bouvrie, Netherlands' best known interior and exterior designer. The minimalist design of this terrace awning is largely characterised by its rectangular cassette, which cuts a fine figure against the facade, both when open and closed. If you are a design enthusiast, who wants to combine style with all the benefits of a high quality terrace awning and looking for a modern top of the range design then the Jan des Bouvrie model is the solution for you.

Characteristics

-  Fabric fully protected in cassette
-  Unique design by Jan des Bouvrie
-  Stylish design on any facade, when open and closed
-  Wall-mounting concealed behind the awning
-  Available with electrical control system
-  Full Cassette

Grasmere

A quality terrace awning does not necessarily have to be expensive. The Grasmere provides striking proof of this. Thanks to its excellent price/quality ratio and efficient semicircular design. The unique anti-jam system ensures that the awning always closes perfectly from any position. The rock-solid retractable arms ensure a free space under the awning. By using high-quality materials, such as aluminum and stainless steel, this screen is an example of absolute durability. To give it a personal touch and match it to the surroundings you can choose from a wide range of acrylic fabrics.

Characteristics

-  Favourable price/quality ratio
-  Wall-mounting concealed behind the awning
-  Wide range of covers available
-  Available with or without valance
-  Available with manual or electrical control system
-  Semi-Cassette
